Dear Sir,

Re: **STATE SECURITY AGENCY / NB PUBLISHERS AND JACQUES PAUW**

We refer to the above matter and to your letter dated the 6th November 2017. It is similarly our intention not to respond to each and every allegation therein contained.

We have noted your comments that our letter dated the 1st November 2017 does not give specificities about the inaccuracies to which we refer. In so far as you and/or your clients request those specificities in the book, we confirm that we shall revert to you with a comprehensive list as your clients correctly request. Our clients do recognize that your clients will need this in order to accede to the demand for retraction.

We note further that you and your clients have elected to focus on only one of the options we have stated in our letter. This notwithstanding, you will note that we have also included legal routes other than the urgent court interdict that you and your clients appear to have expected, prefer and have prepared yourselves for.

We take note of your generous lecture on the requirements of urgency in the event of an urgent application. We confirm that we are fully conversant of those.

We note too that your preferred approach coincides with the general narrative that your clients and the media sympathetic to them are selling to the public. It is not relevant for us to deal with that as it falls outside the scope of our instructions.

Although you and your clients seem to have pinned your hopes on the unfortunate assumption that our clients would elect to proceed herewith by way of an urgent interdict, we assure you that the relevant authorities will soon alert you and your clients about the legal route that our clients have already taken.

Thanking you for your attention.

Yours faithfully,

Kgoroeadira Mudau Inc
