MEDIA ADVISORY

Suspicious devices in public areas

10 July 2018

The law enforcement agencies have noted with concern several incidents of placing of suspicious improvised devices in public areas in and around Durban.

The motive and the intent behind this, as well as the identification of those responsible for these acts, all form part of ongoing investigations by law enforcement agencies.

We call on the public to remain calm but vigilant. There is no need to panic. The state views this phenomenon in a very serious light and necessary resources have been deployed to get to the bottom of it.
